¹ Utilizes AI-Based formulas.

² Motion Xcelerator 120Hz is sometimes called Motion Xcelerator Turbo.

³ Super Ultra Wide Game View is supported for PC games only. Super Ultra Wide Game View is only available for ultra wide supported games. Some game titles may not support the function or be limited to use this feature. Screen resolution change from external device may be required.

⁴ Samsung Account required for network-based smart services, including streaming apps and other smart features. Separate [connected] computer, mobile or other device may be necessary to create/log in to Samsung Account (free to download and create). Without Account log in, only external device connections (e.g., via HDMI) and terrestrial/over-the-air TV (only for TVs with tuners) available.

⁵ Alexa is built-in.

⁶ SmartThings compatible devices only. SmartThings app download may be required.

⁷ Subscriptions may be required for some services. Smart Trainer support devices may vary by country. Partners and content may vary by region.

⁸ High speed internet connection, additional gaming service subscriptions and compatible controller required.

⁹ HDMI—CEC (Consumer Electronics Control) facilitates convenient control functions with compatible devices.

¹⁰ Requires third-party control system installation. See www.samsung.com/us/business/custominstall.

¹¹ Q-Symphony requires compatible 2020-2024 Samsung TV and either a Q-Series or S-soundbar.

¹² FILMMAKER MODE™ logo is a trademark of UHD Alliance, Inc.

SAMSUNG

DU9000D Crystal UHD TV

KEY FEATURES

Supersize Picture Enhancer¹

AI-enhanced picture quality optimized for a super large screen. The Supersize Picture Enhancer reduces noise and increases sharpness, even at its biggest size.

Pur Color

See a wider spectrum of colors than traditional RGB models with PurColor. From green turf to an amazing sunset, you'll enjoy true-to-life picture quality with our innovative color technology.

4K Upscaling

Get a clearer picture for more of your shows and videos. 4K Upscaling transforms each pixel.

Motion Xcelerator 120Hz²

Experience smooth action with exceptional motion enhancements for a seamless picture.

Mega Contrast

Automatically adjusts the brightness and contrast and reduces the difference between light and dark areas.

HDR

Take in an impressive spectrum of colors and fine details, even in the darkest scenes. Brightness and contrast are automatically dialed into their ideal levels in every frame so you can see your content as it's meant to be seen.

Q-Symphony³

Only Samsung gives you the power to unlock incredible sound when you pair a Samsung TV with a Q-series or S-series soundbar.

Crystal Processor 4K

See content as it was meant to be viewed, in dazzling 4K. The processor automatically transforms color, sound and more.

Samsung Tizen OS⁴

Turn on and tune into free live TV with just your WiFi connection. From popular shows and movies to local news and world sports—Samsung TV Plus gives you instant access to live streaming TV content to satisfy any interest, occasion or mood.

Gaming Hub⁵

Where gaming comes together. Stream your favorite games right from your TV. No console required. You'll also get recommendations on what to play next, based on what you like.

¹ Utilizes AI-Based formulas.

² Motion Xcelerator 120Hz is sometimes called Motion Xcelerator Turbo.

³ Q-Symphony requires compatible 2020-2024 Samsung TV and either a Q-Series or S-soundbar.

⁴ Samsung Account required for network-based smart services, including streaming apps and other smart features. Separate [connected] computer, mobile or other device may be necessary to create/log in to Samsung Account (free to download and create). Without Account log in, only external device connections (e.g., via HDMI) and terrestrial/over-the-air TV (only for TVs with tuners) available.

⁵ High speed internet connection, additional gaming service subscriptions and compatible controller required.
